## THE PEOPLE

Home 360° is the brainchild of Srinath Rathi and Sharada Koraganji. It started its journey from a 200 sq. ft. showroom at Kachiguda to 10,000 sq. ft. state-of-art showroom at Jubilee Hills, Hyderabad today. Srinath and Sharada are poles apart in their decision making methods. However, it is the synergy in the outcomes they bring that sets them apart. They are a classic example on how businesses and brands are built on the most valuable asset being "trust".

At Home360°, they have gathered the world's finest collections in design and decor all under one roof, whether you are looking to enhance your home or commercial space. Their curated selection features world class international brands and other top-tier Indian brands. These esteemed brands provide you with coveted artifacts that seamlessly complement every corner of your cherished dwelling or workspace, from floor to ceiling and wall to wall.
